

XO™ ARMOR Matching Warranty Statement

Perhaps in an attempt to scare consumers into buying costly replacement windows, some window manufacturers may even void a window's glass breakage or insulated glass unit (IGU) seal failure warranty when window film is applied. In the event a consumer has an existing original manufacturer's glass breakage and seal failure warranty in force and purchases professionally installed XO™ ARMOR film through an authorized installer, they may purchase a glass breakage and seal failure warranty as follows:

| Coverage | Cost (\$/SQFT) | Minimum Cost | Deductible | Total Warranty | Maximum per Window |
|----------|----------------|--------------|------------|----------------|--------------------|
| Standard | \$0.25 | \$50 | \$500 | \$5,000 | \$500 |
| Gold | \$0.60 | \$120 | \$100 | \$5,000 | \$1,000 |
| Platinum | \$0.90 | \$180 | \$50 | \$10,000 | \$2,000 |

Table 1 - XO Matching Warranty Fee and Coverage Schedule

In order for the warranty to be secured, XO™ ARMOR must receive at least:

1. proof of existing window manufacturer warranty coverage including proof of date of warranty commencement
2. payment for XO™ ARMOR Matching Warranty in Table 1
3. XO™ "Film Application Pre-Approval Form" with approval by XO™ ARMOR, L.P.

In the event of glass breakage and/or seal failure, it is XO™ ARMOR's sole and exclusive obligation to pay for replacement of glass as set forth by the limitations of this warranty. XO™ ARMOR is not liable for any other loss or damage either direct, incidental, or consequential.
